

Data Privacy Risk Patterns

DATA PRIVACY RISK ANALYSIS DOCUMENT

Critical Contract Risks: 1. Unlimited liability exclusion 2. Forced arbitration clauses 3. Automatic subscription renewal 4. Broad intellectual property assignment 5. User data resale permission 6. Third-party data transfer without notice 7. No data deletion mechanism 8. Lack of breach notification timelines

Risk Severity Model: LOW: Minor procedural gaps

MEDIUM: Weak security obligations or vague language

HIGH: Violation of GDPR / DPDP obligations

CRITICAL: Unauthorized processing or unrestricted data exploitation

Suggested Redline Example: Original: 'Company may use user data for any purpose.'

Safer: 'Company shall process personal data only for explicitly stated business purposes with user consent.'
